

Introduction

In this report I have pulled together 10 Horse Profiles. 'Horse Profiling' is a powerful tool and along with systems forms the backbone of my betting. All of the horses listed below have demonstrated a liking for certain conditions and usually run their race when getting them.

I like to follow horses that have demonstrated a clear preference for when they perform best, such as:-

- Rest Pattern: Horses that perform consistently well when returning to the track after a certain number of days.
- Time of Year: Horses who clearly peak in certain months each and every year.
- Right Handed/Left Handed/Straight: Whether the horse has a clear preference for the direction of the track
- Course Preference: Does a horse prefer a certain course. Does it prefer flat or undulating tracks?
- Field Size: Is the horse a small field bully or do they require a large field to run their best?

All of the above factors are combined with looking at the horse's performance in the Class, Distance, Going, Handicap Rating, Jockey, Odds (ie only perform when the money is down), Headgear/Tongue Tie etc.

How to use these profiles

I use horse profiles as a 'way in' to analyse a race. Normally I will check that the race conditions suit the horse's preference. Before betting I will check that the price is 'value' compared to their chance and the form of the other runners. I would always advise looking at every other runner in the race although sometimes a horse's profile is so strong this isn't necessary.

I advise adding every horse below into an online horse tracker (At the Races, RUK etc) and write a note about their preferences. Then sit back and wait until they are running in the right race for them. If you have a HorseRaceBase account you can add them in there as well.

Below each of the 'information boxes', which tell you about the horse and their 'winning profile', I have provided a more detailed look at their overall profile. You can use this to refer back to in future if you wish.

As ever my thanks go to the team at www.horseracebase.com for their superb work. Without this tool these profiles would not exist.

Horse: Anquetta 10yo
Trainer: Nicky Henderson
Conditions: Handicap Chase, RIGHT HANDED HORSE
Results: Form: 1,1,1,F,2,1
Left Handed Form: 2 from 27

Commentary: While he is not getting any younger it's clear from his record he prefers going Right Handed. Indeed I had picked up his RH record before his last run. He hadn't ran right handed for quite some time then popped up at Market Rasen and won at 10/1. Add him to your tracker and wait for him to go RH again. You can check his other favourable conditions in chases below.

Horse: Cloudy Too, 8yo

Trainer: Sue Smith

Conditions: Small Field Horse, 10 runners or fewer

Results: Chase Form: UR,UR,PU (when novice), 1,4,1,1,1,1,2

Other Chase form: F,10,3,12,UR,6

Commentary: So far this horse's most consistent form has been when running in fields with fewer than 11 runners. He's run in some decent chases so slight caution is advised (may just have been best horse in small field races, and it wasn't field size that was factor for example) however his profile to date would suggest he doesn't like to be crowded by other horses. It will be interesting to see if this trend continues when he reappears this season.

Horse: Dr Red Eye, 6yo

Trainer: Scott Dixon

Conditions: REST PATTERN HORSE 31-60 days, 7f-1m, handicaps

Results: Form: 1,1,3,1,3,6,1,4

Two of those results, 3rd+6th were on Soft which he clearly doesn't like as you will see below. 4/6 on good or better.

Other Form: 3/42 in all other handicaps

Commentary: A tricky customer who I have got wrong a couple of times, including on my Pace Wins The Race articles. Having looked at his profile you can be most confident about backing him when retuning 31-60 days. Check other conditions using the profile below.

Horse: Economic Crisis, 5yo

Trainer: A.Berry

Conditions: Hamilton,C5 or lower, Gd-Soft or worse

Results: Form: 1,1,3,1,4,1,1

Other Form: 0/42

Commentary: All 5 career wins, from 7 runs, have been in these conditions. He loves Hamilton, with juice in the ground and he has a clear class ceiling. We may have to wait a few months for him to reappear but it will be well worth it. The 5 wins have been priced 3/1,3/1,14/1,8/1,7/1. Thankfully I noticed this before his final win so anything he does for me now is a bonus 😊
